Honorable Robert D. Drain
United States Bankruptcy Court
Southern District of New York
300 Quarropas Street
White Plains, NY 10601-4140

Re: *Purdue Pharma, LP, et al.*, case no. 19-23649 (Bankr. S.D.N.Y.)

Dear Judge Drain,

As you may recall, I submitted a letter to the court requesting the extension of the bar date on May 7th, 2020. I appreciated the court's response to my letter. Thank you for extending the bar date by 30 days.

I write to you again on behalf of OxyJustice (a group of advocates that has formed to disseminate information and resources to potential creditors), to submit our petition to the court.

This petition has gained more than 3,500 signatures as of July 16th, 2020. Given that a significant number of signatories are creditors, as you will note by referring to the comments beginning on page 162, we respectfully ask that the court record this request.

Thank you,

A handwritten signature in black ink, appearing to read "Harrison Cullen". The signature is fluid and cursive, with a horizontal line crossing through the middle of the name.

We Demand Accountability and Transparency from Purdue Pharma and the Sacklers!

url: <https://www.change.org/p/judge-drain>

“The Sackler family, makers of OxyContin, owners of Purdue Pharma, and master strategists behind the man-made opioid crisis are using the Purdue bankruptcy to hide the truth of their actions, protect their vast opioid wealth, and ensure that once the bankruptcy settlement is reached, all future financial liabilities are forgiven!

The Sacklers built an empire that rivaled any cartel, exploiting people’s physical and emotional pain while knowingly hiding the fact that Oxys are twice as addictive as morphine. In 2018, in the US alone, more than 46,000 people died from opioid overdoses, over a quarter of them from prescription opioids; 80 percent of heroin users began on prescription opioids. The statistics are staggering.

We understand that the COVID-19 pandemic is consuming most of our attention, but the Purdue bankruptcy is continuing and is our last chance for justice. The court’s process currently appears to be out of control, with frequent legal skirmishes that will not produce the truth or the accountability we so deserve.

By the end of February 2020, the Purdue estate’s legal fees for this case totaled over \$50 million— money that could otherwise have been used for treatment and compensation. Adding insult to injury, the promise of a \$200 million emergency fund created at the beginning of the bankruptcy has been continuously postponed, abandoning those still struggling with addiction.

We object to the use of the bankruptcy process to deny injured victims their day in court while shielding the Sacklers from scrutiny and their fair share of the costs of the opioid crisis. We believe that an examiner must be appointed to investigate the Sacklers’ role in igniting the opioid crisis and locate any hidden assets the family transferred out of Purdue Pharma over the past twenty-five years.

An examiner would conduct an investigation of any allegations (such as fraud, dishonesty, incompetence, misconduct, and mismanagement) or irregularities in Purdue’s current or former management, then prepare a report on their findings for the public record.

Sign our petition, and tell Judge Drain that we will not let the Sacklers get away with their crimes!

P.A.I.N. / Nan Goldin	New York	2020-05-06	"After three years of shaming the Sackler family through direct action, we finally have our day in court. None of the bankruptcy proceedings will bring justice to those who have lost their loved ones, or have suffered the mean reality of addiction. The Sacklers will not have to admit culpability. We want the truth of their deadly schemes revealed in full to the American people. - Nan Goldin"
Megan Kapler	New York, NY	2020-05-06	"By taking Purdue's case out of Polster's hands and bringing it to bankruptcy court, The Sacklers have stripped away the opportunity of justice and transparency for the hundreds of thousands of victims they've harmed. We the people deserve a say in this process. They've gotten away with murder and want their tactics to remain behind closed doors. We need an examiner NOW to change that. "
Cynthia Munger	Wayne, PA	2020-05-06	"This is our chance to unite our voices such that Judge Drain, the Purdue bankruptcy and their cadre of High priced lawyers will not hide the truth about the Sackler family and it's huge contribution to the devastation caused by the opioid epidemic."

Tami Grobarek	San Diego, CA	2020-05-07	"I have lost too many loved ones due to this epidemic. Someone (The Sacklers) needs to be held accountable. They are responsible. They cannot be allowed to skate on their blatant and reckless disregard for human life. These were all people who are loved and missed dearly that lost their lives just so the Sacklers could get rich. They need to investigate thoroughly... And hold them accountable for each and every life lost. This should not even be a question or debate....."
Brian Merlen	stamford, CT	2020-05-07	"The Sacklers murdered my friends and my friends parents. The sole reason I am running for office in Purdue Pharms district is accountability. We deserve prosecution and a fake bankruptcy scam with all the funds unrecoverable is not a victory. A Democratic Party locally more concerned with cashing in on Sackler campaign donations then constituent deaths is not a victory. Even today Captain Officer Conklin of the Stamford police still works for Purdue Pharma in a capacity that was supposed to prevent pill diversion. How can the sales team be paid bonuses to divert pills as demonstrated by Dan Schneider's series The Pharmacist and the pill diversion team fails to curtail it? Either Captain Conklin is in on the pill diversion too as Michelle Ringler was and many employees were, or he is incompetent. The prosecutors have to arrest someone other then the victims of this elaborate scheme. We will have accountability and nothing will stop us"

NOW IS NOT A REASONABLE TIME, in any regard. Victims had from January 2020 to June 2020, which exactly (unfortunately) coincides with the pandemic overwhelming the US. If this case proceeds as they wish, it will solidify a deeply disturbing image of justice and consumer/patient protection in this country."

Concerned Veteran	Jersey City, NJ	2020-05-15	"I am a concerned veteran fighting for many veterans in New Jersey. Many states have a veterans treatment court for veterans who have run into trouble with the law because of PTSD or other psychological problems due to war. New Jersey signed into law the Veterans Diversion Program in 2018. Since then 4,260 veterans have applied and only 32 have been accepted, only .007%. That is then 1%. New Jersey will not post statistics or respond. I received these numbers from a public records request. This is the only type of diversion in New Jersey that the court can not over rule. The discretion, bias and prejudice runs high against veterans in New Jersey and Veterans must speak out against this. Numbers speak for themself."

While the Sacklers sleep peacefully at night, their are hundreds of Mothers, jeopardizing their lives, running the streets in ugly, dangerous areas searching for their child, while crying, screaming and praying, not to find their Child dead or beatin up in some dark alley! We know what it's like to feel, see & living in Hell here on earth every single day! When you have the must precious gift given to you by God, to love & protect dieing or dead, because of the Sacklers building an Empire out of selfishness, lies, Secrets, greed and wealth!!
